Miss Lillian Martin, Graduate of Training School for Nurses, Brantford, Can., now of Milwaukee, Wis., Testifies that the Hospital Doctors Rely Upon Lydia E. Pinkham's Vegetable Compound to Cure Severe Cases of Woman's Ills. She says:

PINKHAM: - While we are taught in the training And about Six (6) Plain Stoves that we will sell at schools throughout the country to look down upon patent medicines, and while the doctors in the hospitals speak slightingly of them to patients, I have found that they really know different. I have frequently known physicians to give Lydia E. Pinkham's Vegetable Compound to women suffering with the most serious complications of ovarian troubles, falling of the womb, leucorrhoea, and other disorders. They would as a rule put the Compound in regular medicine bottles and label it 'Tonic,' or other names, but I knew it was your Compound, and have seen them fill it in prescription bottles. I have never seen anything but happy results from its use; inflammation and ulceration has been relieved and cured in a few weeks, especially where your Sanative Wash has been applied also.
